PROFILE

I am a hard working and energetic student with a passion in computer science. I have an ability to absorb and learn different programming languages. While I am still learning I am very interested this field. I am learning as much about programming and put in as much effort required to accomplish any task.

PROJECTS

DarkUx (formerly known as LofiAt) ⧉
https://lofiat.github.io

- I created a study space service to run on laptops, tablets and other larger devices
- I wrote all of the code using the following technologies: HTML, CSS and JavaScript.
- I worked using the Google api as well as that of YouTube.

Developer Portfolio ⧉
https://adriantd.com

- I built a personal portfolio to display all of my projects as well as my experience as a developer.

Personal portfolio ⧉
https://adriantobi.github.io

- I created a simple portfolio website that I use for my phototgraphy services.
- It also made this using HTML, CSS and JavaScript.

REPAT

- I helped a paediatrician to create an online tool for patient diagnosis.
- This was one of the most challenging projects I had made, it was the first time I handled any back-end.

💼 INTERNSHIPS/ WORK EXPERIENCE

07/2021 — 08/2021	**JP Morgan Chase & Co.** - Interface with a stock price data feed. - Use JPMorgan Chase frameworks and tools. - Display data visually for traders.	Remote, United Kingdom
08/2021 — 08/2021	**Goldman Sachs** - Cracked leaked password database that had different hashing types like SHA-256, MD5 etc. - Using services like hashcat to run the passwords through different hashing algorithms and crack them using methods such as brute force.	Remote, United Kingdom
07/2022 — 09/2022	**WeDance,** *Frontend Developer* - Used vue.js to fix various bugs. - Aided in further expanding the code base. - Worked on enhancements as well as designing a new version update.	Remote, United Kingdom
